Imini

Imini, the youngest member of Interra touch panel family, is a mini reason to feel good.

Imini means a new control unit for intelligent building technologies.

All functions such as:
- Switching on/off
- Dimming lights
- curtain-blind control
- Room temperature control can be easily carried out.

New user interface provides automatic time control functions, programming or comprehensive scenario management.

Iswitch

Iswitch with being smart system allows you to set the temperature of your home at any level you want.

You can easily control your air conditioner, combi and similar products as well as create a desired ambient temperature.

You can also change the colors on the model and make personalization. Long-term use is also suitable as it is made of high-quality materials.
